

- 5 Editorial (Carlo Ricci, *Managing Director*)
- 7 **Achieving security of energy supplies through the internal energy market and the role of Regulation** (Alessandro Ortis, *Chairman of the Italian Regulatory Authority for Electricity and Gas*)

THE ENERGY SITUATION

- 14 **Energy in Italy in 2006** (Vittorio D'Ermo, *Director Energy Observatory*, Manuela Gusmerotti, *AIEE - Italian Association of Energy Economists*)
- 18 **Evolution in the Italian electricity sector** (Enzo Gatta, *Chairman of Assoelettrica - National Association of Electricity Enterprises*)
- 23 **The upstream industry and the contribution of its technologies to a secure and sustainable energy future** (Sergio Polito, *President of the Manufacturers and Suppliers of Equipment and Services Sector*, Assomineraria - *Italian Petroleum and Mining Industry Association*)
- 26 **The oil market's new balances** (Unione Petrolifera)
- 36 **New maximums for the refining industry** (Davide Tabarelli)
- 40 **Natural gas: beyond the crisis, between safety and market** (Alessandro Bianchi, *Managing Director of NE - Nomisma Energia*)
- 42 **Local distributors who co-star in an internationally produced film** (Mauro D'Ascenzi, *Deputy Chairman of Federutility*)
- 45 **The new gas game: where are we heading?** (Roberto Pioreschi, *Partner*, Marco Giorgi - *Manager, Bain & Company Italy*)
- 55 **Eni among the first, in Europe, in the pro-competitive measures**
- 56 **Coal and its contribution to Italian energy independence** (Andrea Clavarino, *Chairman of Assocarboni - Coal Operators General Association*)
- 60 **Authorization procedure and development planning for renewable sources in Italy** (Alessandro Brusa, *Director of APER - Renewable Energy Producers*)
- 65 **Outlined development landscape for mini-hydro and biomass power plants in Italy: new possibilities and new proposed plants** (Giovanni Maria De Pratti, *University of Rome "La Sapienza"*, DMA - *Department of Mechanics and Aeronautics*)
- 68 **Present exploitation of wind energy in Italy** (Giovanni Maria De Pratti, *University of Rome "La Sapienza"*, DMA - *Department of Mechanics and Aeronautics*)
- 74 **Photovoltaic. A great resource that could significantly contribute to achieving the domestic target for emission reductions** (Assosolare - *Photovoltaic Solar Industry Association*)
- 76 **Solar thermal energy in Europe, a sector in good health** (Leonardo Berlen)
- 79 **Geothermal work worldwide** (Italia Energia Editorial Office)
- 82 **ANIMA and the national industry of the energy division** (Ettore Riello, *Chairman of Anima - Federation of the National Association of the Mechanical and Related Industries*)

ENERGY POLICY

- 86 **European Union: towards an external energy policy to guarantee a high level of outsourcing security** (Pierluigi Bersani, *Minister of Economic Development*)
- 88 **Energy from the sun. An interview with Carlo Andrea Bollino, Chairman of GSE - Gestore dei Servizi Elettrici**
- 91 **Acquirente Unico, protecting the consumer in the free market** (Claudio Fava, *Managing Director of AU - Acquirente Unico*)

INTERNATIONAL ENERGY POLICY

- 96 **Energy efficiency for a changing world, for a changing Europe** (Fabrizio Barbaso, *Deputy General Director DG Energy and Transport - European Commission*)
- 98 **1st July 2007: a fundamental date for the European energy system. An interview with Samuele Furfari, Deputy Division Head of the Directorate General for Energy and Transport - European Commission**
- 102 **When an effective EU energy policy?** (Alessandro Clerici, *WEC - World Energy Council; ABB Italy*)
- 107 **Energy research funding scheme. The 7 Framework Programme** (Chiara Pocaterra, *NCP Energy and Euratom 7FP*, APRE - *Agency for the Promotion of the European Research*)
- 110 **A nuclear renaissance** (Alessandro Clerici, *Senior Advisor to the chief executive - ABB Italy; Chairman of WEC Working Group "The future role of nuclear energy in Europe"; Honorary Chairman of WEC Italy*)

THE RATIONAL USE OF ENERGY

- 116 **Biofuels in Italy: the present and the future** (Vito Pignatelli, *ENEA - Italian National Agency for New Technologies, Energy and the Environment*)
- 122 **Use of HCNG (blends of hydrogen and natural gas) in urban vehicles** (Agostino Iacobazzi, Antonino Genovese, Ennio Rossi, *Department of Energy Technologies (TER) - Casaccia Research Center, ENEA; Maria Chiesa, Environment Physic Department - Catholic University of Brescia*)
- 128 **Energy efficiency: the initiatives of Confindustria** (Massimo Beccarello, *Director of Public Utility Division - Confindustria; Alessandro Clerici, Chairman of Confindustria Task Force on Energy Efficiency*)
- 129 **The district heating situation in Italy - latest statistics** (Luigi Franco Bottio, *General Secretary of Airu - Italian District Heating Association; Tranquillo Magnelli, StudioEnergia, Milan*)
- 134 **Cogeneration: its current role, advantages and perspectives** (Maurizio Brancaloni, *President of Italcogen; Past Vice-President of Anima; Director of Auma Italiana*)
- 139 **The second phase of the Emissions Trading Scheme: perspectives, threats and opportunities for the industry** (Raffaele Chiulli, *Chairman - Giulia Dramis - Research Center, SAFE - Energy Resources and Environmental Sustainability*)
- 143 **Corporate social responsibility: a new spur towards the liberalisation of the Italian energy market** (Michele Carrelli Palombi, Francesca di Macco, *B-Legal International Lawyer's Office, a member of LBL Alliance*)
- 146 **Yes to energy, no to power plants. How can development, the environment and the market be reconciled?** (Valentina Minetti, *Communication and Institutional Relations - Allea, Milan*)
